FEATURED PROJECTS

Real Estate Market Analysis & Investment Strategy 2026

Excel · Power Query · Advanced Visualization

- Analyzed 21,600+ housing transactions; built interactive Excel dashboards with slicers & pivot charts to surface pricing insights and top-performing investment segments.
- Automated ETL via Power Query — cleaning raw data, handling nulls, standardizing formats across all datasets.

WildChat Analytics Platform 2026

Python · NLP · Tableau · Power BI · Behavioral Segmentation

- Processed 1M+ real-world AI conversations into operational intelligence using Python ETL, NLP pipelines, and Tableau BI dashboards tracking engagement, drop-off rates, and safety metrics.
- Applied behavioral segmentation to cluster users by interaction style; results informed UX and product strategy decisions.

E-Commerce Sales Performance Dashboard 2026

Python · SQL · Looker Studio

- Built multi-page Looker Studio dashboard tracking revenue, conversion rates, cart abandonment & repeat purchase behavior; reduced manual reporting effort by 80%.
